Problem Solving

Neeraj panchal

Frontend Developer(React)

Professional Summary

I am pursuing full-stack web development at Masai and have a passion for creating visually appealing and user-friendly interfaces. Proficient in front-end technologies such as HTML, CSS, JavaScript, and React.js. Adept at turning design concepts into responsive and interactive websites. Eager to contribute skills in web development, collaborate with cross-functional teams, and enhance user experiences.

Projects

kickstarter-clone [Live Demo Link](#) [Github Repo Link](#)

HTML5 CSS3 JavaScript

- Developed a kickstarter clone project as part of Constructor Week.
- Used HTML5, CSS3, and JavaScript to design and implement the frontend of the application.
- Implemented various frontend functionalities including user authentication, project creation, and donation.
- Focused on creating a visually appealing and user-friendly interface.
- Collaborated with backend developers to integrate frontend components with server-side logic.

Calculator [Live Demo Link](#) [Github Repo Link](#)

HTML CSS JavaScript

- Developed a basic calculator using HTML, CSS, and JavaScript.
- Implemented mathematical operations such as addition, subtraction, multiplication, and division.
- Ensured responsive design to provide optimal user experience across multiple devices.
- Performed thorough testing and debugging to ensure the functionality and reliability of the calculator.
- Used version control system (Git) to manage project files and collaborate with team members.
